

The Danger of Following One's Heart

Pulled by the Heart: A Woman's Real-life Story of Living and Escaping the Middle East is Nancy T. Wall's direct and honest story of reshaping her life to fit two different cultures. When she leaves the United States to marry the man she loves in the Middle East, she discovers she has married the Middle East as well. Her life is far from a fairy tale, however. She moves from Beirut's bloody civil war to the sand dunes, camels, and riches of the Arabian (Persian) Gulf. While she embraces and thrives in this culture of nomads and millionaires, a sudden change in her husband threatens her life and that of her two children. Her choice is simple — submit to her husband's demands in the Middle East or find the courage to leave the very things she loves the most and seek her freedom in the United States. Softcover, 196 pages, available June 2009.

*"This is a richly textured, compelling story, veined with sharp and striking insights. **Pulled by the Heart** invites the reader to bear witness to a story of courage, the struggle to follow the demands of the heart, and the hard-earned wisdom of distant roads."*

Ellen Kort, Poet Laureate of Wisconsin, 2000-2004

"From Wisconsin to Beirut and beyond this blue-eyed blonde transferred her strength and independence to a world that could demand submission. She lived the romance that carried both fantasy and fright. With a powerful will and aid from others, including a child of five, she chooses freedom over fear."
